web: www.cardinus.com email: info@cardinus.com

### Background

Do you employ people who work from home? If so, *Safety for Homeworkers* is an ideal solution to help you meet your regulatory requirements.

This comprehensive e-learning course provides you with a complete solution that covers many aspects of safety law including; Display Screen Equipment regulations (DSE regulations), fire, electrical safety and many other subjects providing online employee training and risk assessment in one easy-to-use package.

*Safety for Homeworkers* also includes self-assessment features to help you comply with the DSE Regulations and other requirements under safety law. The data from this assessment is saved into Cardinus' management module PACE allowing you to quickly identify employees who require further help.

### Management features

*Safety for Homeworkers* is fully supported by PACE, Cardinus' powerful management module. Features include:

- Easy-to-use risk assessment scoring to help identify employees at risk.
- Tools to monitor training records and identify your employees who have successfully completed their training. PACE will also identify your employees who have not started or not completed their training.
- Advanced automated email capability to encourage participation
- Task led approach to help you evidence how issues have been resolved.
- Charting and sophisticated statistical reporting.
- Fully SCORM compliant
